FUN RIDES FROM OUR GWRRA MEMBERS

KENTUCKY DISTRICT, CHAPTER G

When riding season hit and we were unable to meet in groups, I started a game of hide and seek. I made up a jar containing a few rocks (for weight) a few small pencils and a little bit of paper. Each week I would take the jar to a new location and "hide" it. Then I would send the GPS coordinates (longitude, latitude) out to the chapter with instructions to go find it, write their name on the paper, and return it to the hiding spot. The next week, I would go collect it, record the names, change out the paper, and deliver it to a new hiding spot. I got the idea from geocaching. Because we had some members who didn't want to leave their homes, I also included a puzzle each week with the coordinates. The chapter had a great time, and it offered us a way to ride "together" without being in a group. I did keep track of both puzzle answers and those who found the jar and we did a drawing for prizes at the one gathering we were able to have in July. Everyone who participated enjoyed the adventure.

ILLINOIS DISTRICT

You will need 4 pads of paper, pens, a deck of cards. Pass each member a playing card as they come in. When you are ready for this game, have all the members with a heart move to one section of the room. All the members with a club to move to the other corner of the room, Diamonds, Spades do the same thing. Give them 10 minutes to write down their favorite places to eat, ride or ice cream. Ask them to write down at least 1 place they would like to go they have never been. After the time is up ask them to read what they wrote. Some places may be repeated with each group but you may find new places and ride
